# Postharvest News and Information

A bimonthly journal with news, reviews and abstracts from the CAB ABSTRACTS database.
Produced by the DIVISION OF CROP PRODUCTION

**Editor**
A.J. Rendell-Dunn BSc

**Editorial Advisory Board**

Dr B.R. Champ (Canberra, Australia)
Prof A.A. Kader (California, USA)
Dr C. Knight (Chipping Campden, UK)
Dr J.A. McFarlane (Chatham, UK)
Dr M.E. Nellist (Silsoe, UK)
Prof R.E. Paull (Hawaii, USA)
Prof A.R.A. Razak (Selangor, Malaysia)
Dr V. Wright de Malo (Tegucigalpa, Honduras)

**Head of Division**
P. Wightman BSc

**Head of Department of Horticulture**
K.K.S. Bhat BSc, MSc, Docteur ès Sciences, MIHort

For further details of the whole range of CAB International publications and services see back cover.

Orders and enquiries concerning current subscriptions and back numbers of this or any other CABI journal should be sent to the Distribution Manager, Marketing & Distribution Services at the above address.

# Review Articles

Postharvest senescence and physiology of leafy vegetables
Robert E. Paull ____ 11N

Potential of controlled atmospheres for postharvest insect disinfestation of fruits and vegetables
Dangyang Ke and Adel A. Kader ____ 31N

Softening in kiwifruit
Elspeth MacRae and Robert Redgwell ____ 49N

Physiology, biochemistry and detection of bruising (mechanical stress) in fruits and vegetables
A. Raymond Miller ____ 53N

Rice parboiling: An assessment and future prospects
Lakshman Velupillai and Lalit R. Verma ____ 59N

Postharvest diseases of sweet potatoes and their control
C.A. Clark ____ 75N

Strategies for the control of postharvest diseases of vegetables
R.T. Burchill ____ 81N

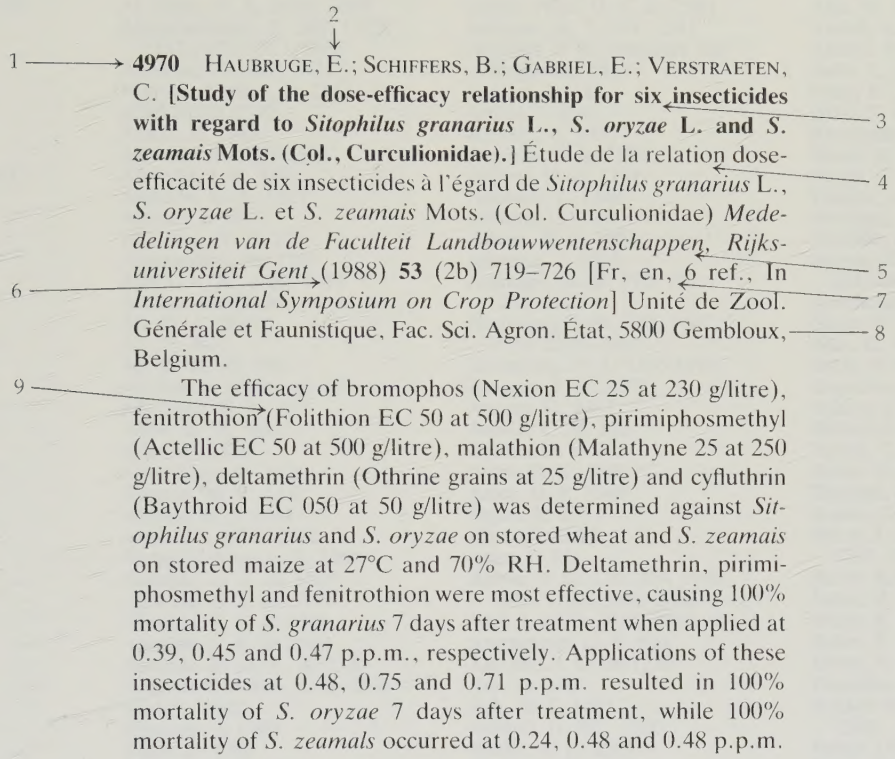
Regulation of sugar accumulation in stored potato tubers
H.V. Davies and R. Viola ____ 97N

Safe storage guidelines for grains and their products
J.T. Mills ____ 111N

# READERS' GUIDE TO ABSTRACTS

The layout of an abstract is indicated below:

1 Abstract number
2 Authors
3 English translation of title
4 Title
5 Journal or other document
6 Year, volume, part and pagination
7 Language of text, language of summary and other bibliographic details. For language abbreviations see below.
8 Address of first author
9 Abstract



2
1
4970 HAUBRUGE, E.; SCHIFFERS, B.; GABRIEL, E.; VERSTRAETEN, C. [Study of the dose-efficacy relationship for six insecticides with regard to Sitophilus granarius L., S. oryzae L. and S. zeamais Mots. (Col., Curculionidae).] Étude de la relation dose-efficacité de six insecticides à l'égard de Sitophilus granarius L., S. oryzae L. et S. zeamais Mots. (Col. Curculionidae) Mededelingen van de Faculteit Landbouwwentenschappen, Rijksuniversiteit Gent (1988) 53 (2b) 719–726 [Fr, en, 6 ref., In International Symposium on Crop Protection] Unité de Zool. Générale et Faunistique, Fac. Sci. Agron. État, 5800 Gembloux, Belgium.

The efficacy of bromophos (Nexion EC 25 at 230 g/litre), fenitrothion (Folithion EC 50 at 500 g/litre), pirimiphosmethyl (Actellic EC 50 at 500 g/litre), malathion (Malathyne 25 at 250 g/litre), deltamethrin (Othrine grains at 25 g/litre) and cyfluthrin (Baythroid EC 050 at 50 g/litre) was determined against Sitophilus granarius and S. oryzae on stored wheat and S. zeamais on stored maize at 27°C and 70% RH. Deltamethrin, pirimiphosmethyl and fenitrothion were most effective, causing 100% mortality of S. granarius 7 days after treatment when applied at 0.39, 0.45 and 0.47 p.p.m., respectively. Applications of these insecticides at 0.48, 0.75 and 0.71 p.p.m. resulted in 100% mortality of S. oryzae 7 days after treatment, while 100% mortality of S. zeamals occurred at 0.24, 0.48 and 0.48 p.p.m.

Editorial additions within abstracts appear in square brackets, e.g. for preferred Latin names of plants, animals and microorganisms.

Where an item is not abstracted from the original document but from a secondary source, this is indicated after the authors' affiliation.

The author and subject indexes for the six bimonthly parts are cumulated to provide annual indexes. Terms used in the indexes are taken from the CAB Thesaurus, 1990 edition.

TO OBTAIN A PHOTOCOPY of an abstracted paper, use the CAB International Document Delivery Service. A form is printed in this issue.

# LIST OF SERIALS ABSTRACTED

Listed below are the titles of the serial publications (excluding most annual reports and conference proceedings) abstracted during 1992 for this journal. All the titles are given in full, except abbreviated titles taken from secondary publications such as *Referativnyi Zhurnal*.
Many other serials were scanned during 1992 but no relevant articles were selected. A full list of all the serials scanned for items suitable for abstracting for the CAB ABSTRACTS database and the whole range of CABI's abstract journals is given in the *CAB International Serials Checklist, 1988 edition*. The publication includes ISSNs and publishers' addresses.

# INFORMATION SERVICES AND PUBLICATIONS

Almost 100 scientists/linguists in CABI's Information Services at Wallingford, UK, with help from associated organizations and individuals worldwide, abstract and index the significant research and development literature in agriculture, forestry and allied disciplines. Over 12,000 serials and many other publications are scanned, and about 150,000 bibliographic records are compiled each year. From this computerized database, known as CAB ABSTRACTS, is derived a wide range of information services and products in printed and electronic form, designed to meet a variety of customer needs.

## JOURNALS

**Animal Science and Production**
*Animal Breeding Abstracts; Dairy Science Abstracts; Nutrition Abstracts and Reviews, Series B–Livestock Feeds and Feeding; Pig News and Information; Poultry Abstracts; Meat Focus International.*

**Veterinary Science and Parasitic Diseases**
*Helminthological Abstracts; Index Veterinarius; Protozoological Abstracts; Review of Medical and Veterinary Entomology; Review of Medical and Veterinary Mycology; Veterinary Bulletin.*

**Crop Science and Production**
*Crop Physiology Abstracts; Field Crop Abstracts; Herbage Abstracts; Horticultural Abstracts; Irrigation and Drainage Abstracts; Maize Abstracts; Ornamental Horticulture; Plant Breeding Abstracts; Plant Growth Regulator Abstracts; Postharvest News and Information; Potato Abstracts; Rice Abstracts; Seed Abstracts; Soils and Fertilizers; Sorghum and Millets Abstracts; Soyabean Abstracts; Sugar Industry Abstracts; Wheat, Barley and Triticale Abstracts.*

**Forestry**
*Agroforestry Abstracts; Forest Products Abstracts; Forestry Abstracts.*

**Crop Protection**
*Biocontrol News and Information; Nematological Abstracts; Review of Agricultural Entomology; Review of Plant Pathology; Weed Abstracts.*

**Economics, Development and Sociology**
*Leisure, Recreation and Tourism Abstracts; Rural Development Abstracts; World Agricultural Economics and Rural Sociology Abstracts.*

**Machinery and Buildings**
*Agricultural Engineering Abstracts.*

**Human Nutrition**
*Nutrition Abstracts and Reviews, Series A–Human and Experimental.*

**Biotechnology/Biodeterioration**
*AgBiotech News and Information; Biodeterioration Abstracts; IMPACT AgBioIndustry.*

In addition, many retrospective compilations of abstracts (Annotated Bibliographies) on various topics are available on demand.

## ELECTRONIC JOURNALS

For subscribers who prefer to receive their regular CABI Abstract Journals in computerized format, Electronic Journals are available in comma-delimited, ISO2709 or Pro-Cite compatible format. The diskettes (either 3½" or 5¼") are supplied without retrieval software but in standard format so they can be easily used with most commercial database management software. Sample diskettes are available on request.

## CABCD (CAB ABSTRACTS on Compact Disc)

The database is also available on CD-ROM (Compact Disc Read Only Memory). Volume One contains bibliographic citations and abstracts for 1984–86; the second volume contains the 1987–89 data; the third volume contains the 1990–91 data. CABCD will be updated annually. CD-ROM technology provides an online search capability without the worries of cost or telecommunication problems. An IBM or fully IBM-compatible PC, 640K RAM, MS-DOS or PC-DOS version 3.1 or higher, and a CD-ROM player are needed. The SPIRS (SilverPlatter Information Retrieval System) software allows maximum search flexibility. A Macintosh version is available.

## MAGNETIC TAPES

Organizations with access to mini or mainframe computers may lease all or part of CAB ABSTRACTS on magnetic tape. Update tapes are issued monthly, and retrospective tapes as required.

## SDI SERVICE

SDI (Selective Dissemination of Information) is a current awareness service based on the most recent input to the database. Subscribers decide their own search profile and receive search results at intervals of their choice, either as computer printout or on floppy disks suitable for most microcomputers. Airmail ensures fast delivery.

## CAB ALERTS

This is a monthly SDI service providing subscribers with the search results from standard profiles chosen by CABI. Numerous titles are available. Output is available on computer printout posted by airmail.

## DOCUMENT DELIVERY SERVICE

Photocopies of originals of most articles included in the database are available from CABI Library Services, Silwood Park, Ascot, UK. Documents may also be ordered online via DIALOG's DIALORDER or ESA/IRS's PRIMORDIAL.

## BOOKS AND SERIAL PUBLICATIONS

CABI publishes authoritative reference books, directories and serial publications, the latter including *Bulletin of Entomological Research, Outlook on Agriculture, Seed Science Research, Index of Current Research on Pigs, Distribution Maps of Pests, Distribution Maps of Plant Diseases, Bibliography of Systematic Mycology, Descriptions of Pathogenic Fungi & Bacteria, Index of Fungi,* and *Systema Ascomycetum*. CABI is a co-sponsor of the International Food Information Service which publishes *Food Science & Technology Abstracts*.

**The Organization**
CAB International (CABI) is an international, inter-governmental organization. It is owned by its member governments; these currently number 29, but membership is open to any others wishing to participate. Established in 1928, the organization provides information, scientific and development services for agriculture and allied disciplines throughout the world.

**Information Services**
The main task of the Information Services, located at the CAB International Centre (CABIC) at Wallingford, is the creation of a bibliographic database (CAB ABSTRACTS) of research on agriculture, forestry, the environment, applied social sciences and aspects of human medicine.

Relevant scientific and technical literature is acquired worldwide for abstracting and indexing by almost 100 scientists/linguists in five divisions:

Animal Health & Medical Parasitology
Animal Production & Human Nutrition
Crop Protection & Genetics
Crop Production
Natural Resources, Forestry & Economics

Further material is acquired and processed by collaborating or contracted organizations.

Abstract journals and electronic products derived from the database, and online access to it, provide unique sources of information for research scientists, development planners, educators and students.

The Information Services also publish primary journals and books, and offer training for information professionals, especially from developing countries.

**Scientific Services**
CABI's Scientific Services consist of four institutes and Library Services:

*International Institute of Entomology*
Director, Dr K.M. Harris, located at 56 Queen's Gate, London, and in the Natural History Museum.

*International Mycological Institute*
Director, Professor D.L. Hawksworth, recently moved to Bakeham Lane, Egham, Surrey, TW20 9TY.

*International Institute of Parasitology*
Director, Dr R. Muller, located at Winches Farm, St Albans, the field station of the London School of Hygiene & Tropical Medicine.

*International Institute of Biological Control* ,
Director, Dr J.K. Waage, has its headquarters at Silwood Park, Ascot and stations in Trinidad and Tobago, Switzerland, Pakistan, Kenya and Malaysia.

These Institutes provide an authoritative identification service for agricultural pests and other organisms, a biocontrol service, and conduct research, implement projects, and provide training in their fields of expertise.

*Library Services*
Manager, Mr C.J. Hamilton, have headquarters at Silwood Park, and operate document delivery and translation services.

**Marketing and Development Services**
MDS is responsible for the marketing of all CABI products and services, and for its development and training services. An important aspect is the establishment of effective partnerships with relevant development assistance agencies aimed at increasing the delivery of CABI services to developing countries.

**Information Technology Services**
ITS provide computing resources and services to all parts of CABI. A central computing facility is maintained with telecommunications access to seven remote sites, including the four CABI Institutes. CABIC is served by a modern Local Area Network which provides access to the computers, and by advanced office automation facilities. The staff include database production personnel, systems analysts, programmers and computer operators. The principal systems are for the production of the CAB ABSTRACTS database and associated functions, plus accessions control, subscription management and electronic publishing.
